20200418_ApeloRenee3_ResearchCritique_Resubmit

This "Project 3 Research" resubmitted assignment has all new icons depicting good shading, details, dimensions, midtones, & highlights.

This first icon shows a man being unsure of which answer to choose or has a question in mind. The Icon shows various shading, dimension, depth, & details. I thought this 3D icon is the best example.

The second Icon is an anime character depicting an excited boy winking his eye. The icon shows good shading, dimension, simplicity, & details.

Finally, the third set of icons are several computer apps. The icons are depicting 3D views, good shading, depth, gradation, highlights, & midtones.
